

## Local Toilets Strategy Consultation

Under the Public Health (Wales) Act 2017 we have a duty to prepare and publish a Local Toilets Strategy for Caerphilly county borough by 31st May 2019.

The first stage of developing our strategy was to assess the community's need for toilets. This work was completed in Autumn 2018.

This Draft Strategy incorporates feedback and findings from the assessment of need exercise, and includes a plan showing how we will meet identified needs.

**This consultation is on the Draft Strategy that has been produced, and will run from 14th December 2018 to 8th March 2019.** We welcome comments from both residents and visitors to the county borough.

*For the purposes of this survey and the Draft Strategy, the term 'toilet' includes changing facilities for babies and people with disabilities. These can be located in public buildings such as libraries and community centres, private buildings such as cafes and shops, as well as public toilets maintained by the Council.*

You have a number of rights in relation to the information we hold about you, including the right of access to your information and the right of complaint if you are unhappy with the way your information is processed.
