Subject: Gelligaer & Merthyr Common

Annwyl / Dear Local Community Councils,

I would like to draw your attention to the attached letter. This letter **briefly** summaries the *Tirwedd y Comin* project, thanks partners that have been involved and announces that we have been successful in securing future funding. The *Tirwedd y Comin* project was very much a 'pilot' project to address issues but also identify opportunities on Gelligaer & Merthyr Common. We have had limited engagement with community councils during the project but hope we can work with you more in the next project to keep you updated, advertise events, highlight volunteer activities and ensure a consistent message about what the common is, dos & don'ts, who to report issues too etc.

Unless there are any objections I will include you, the local community councils to the common in future updates as the next project progresses, overview of this project attached.

Nadolig Llawen a Blwyddyn Newydd Dda

Cofion gorau | Kind regards

Mark
