

## Gelligaer Community Council and Keep Wales Tidy Biodiversity Project Proposal 4

### Project

Purchase and install spring flowering daffodil bulbs on the grass bank adjacent to the Penybryn entrance sign on Penallta Road.

### Background

Being a busy road, this grass bank just before you enter Penybryn from the Penallta end is a prime location to brighten up. The grass bank currently has very little value as a habitat, by adding spring flowering daffodil bulbs we are creating an early food source for local pollinators. Wildflower turf and seed has been disregarded due to the steepness of the bank.

### Cost (Correct at time of research)

1100 Mixed Daffodil Bulbs £218.99

### Additional Information

The bulbs would be planted this autumn for flowering next spring.
