## • Progress

- Orchard Maintenance ongoing.

Additional bark added to the nature area in Ystrad Mynach.

- Wildflowers Project 14

An area the size of one and a half tennis courts have been converted.

All areas have germinated well. Hopefully, the weather is kind, and we get good growing conditions.

- Penybryn Project 13

Tree planting completed. 7 Native Cherry trees planted adjacent to Penybryn Community Centre.

- Keep Wales Tidy Top up grant,

4 new collum Oak Trees have been planted in Hengoed next to the play park on Cefn Road.

- Barry Close Project 15

Procurement and planning ongoing ready for installation on Thursday 29<sup>th</sup> May.

- Project Proposal 10

Native shrubs for planting on the nature area is Ystrad Mynach, Costings attached.

# Progress

- Picture Update

As of January 2025 Keep Wales Tidy as a whole no longer uses X (Previously Twitter)

The Caerphilly Keep Wales Tidy Facebook page has been shut down whilst we move to a new regional model.

New collum Oak Trees planted in  
Hengoed, Cefn Road

New native cherry trees, Adjacent  
to Penybryn Community Centre

- Proposals

Project 10 Nature area in Ystrad Mynach

- Additional Spend

None

- Project Time

35 Hours recorded in April

- Project Notes

It will soon be time to order spring flowering bulbs that will be planted in September. If any members would like bulbs in their areas, please could you let me or Ceri know so I can put costings together. Bulbs could be Daffodils, Crocus, Snow drops, Snakes head fritillary, Wild garlic and Wood Anemone. I'm also looking at trying some tulips, as in a similar situation to the above picture.
